

WordPress Blog Setup

- If you already have an email address, use it.
- If you do NOT already have an email, set up a new Gmail account.
- Go to: <https://wordpress.com/>
- Click on the “Start a Blog” in the bottom middle of the page.

Follow the directions. You will start by selecting what your blog will be about.

- Arts & Entertainment > Creative Arts & Design
- Choose your desired layout
- Choose a theme
- Name the blog as your FULL NAME
(i.e. jasonoualline.wordpress.com)
- Select the FREE option
- Enter your email address and create a password
- You can now visit the settings tab in your dashboard and set Site Title, Timezone, Date Format, and Time Format.
- Make sure to have comments ENABLED. That is how I will give you feedback on some of your projects.

TURN IT IN:
